27. The patient has sleeping problem.
28. He works 90 hours a week.
29. He has a lot of time to do exercise.
30. He should look for a stressful job.

Section Three

Questions 31—50

In this section, you're going to hear **TWO** passages. Fill in the blanks to complete the passages and write your answer on the Answer Sheet. You'll hear each passage twice. (2 points each, 40 points)

Passage 1

Soccer is very popular in Brazil. It's a great sport for people of all ages. You don't need much—just a ball and a place to play. You can play on a (31) _____, or you can just play with your friends. Soccer is (32) _____ in every country around the world. It's really an international sport.

In Canada, people love ice hockey. It's very (33) _____ in winter, but people don't like to stay indoors. Children play (34) _____ hockey at school. People watch their games and drink (35) _____ chocolate! Of course, people also watch famous hockey teams on TV.

One of the most popular sports in the United States is baseball. Some people think it's very (36) _____, but it's a really interesting game. It's fun to (37) _____ outdoors with your friends at a baseball game. People eat hot (38) _____ and cheer for their team.

A lot of people in China play volleyball. There are teams at schools and (39) _____. You can play volleyball indoors or outdoors. It's a good sport because you don't need expensive equipment. The (40) _____ things you need are a ball and a net.

Passage 2

Everyone wants to live a long and healthy life. Today, many scientists are trying to (41) _____ the habits that help people live longer. In 1970, some scientists talked to 7,000 people in the United States and (42) _____ information about their habits. Then they checked to see how long the people lived.

The scientists learned that the people with the longest lives (43) _____ seven things:

1. They ate breakfast every day.
2. They didn't eat snacks between (44) _____.
3. They weren't too heavy or too (45) _____.
4. They exercised regularly.
5. They slept seven to eight (46) _____ every night—not more, and not less.
6. They didn't smoke.
7. They drank plenty of (47) _____ every day.

These seven habits made a big difference. People who did all of these things lived (48) _____ years longer than people who did only one to three of the things.

How can you change your habits? Scientists say you should change (49) _____. You should have clear goals and make one small change every (50) _____. You need about 21 days to make a new habit.
